

The American Journal of **PATHOLOGY**

Cellular and Molecular Biology of Disease

ASIP 2012
Annual Meeting at
Experimental Biology
Early Registration Due:
February 23, 2012

Kidney Progenitor Cells in 3D Co-Culture

Inside this Issue

Review – *The Endocannabinoid System and Plant-Derived Cannabinoids in Diabetes and Diabetic Complications*

Commentary – *Making Every Cell Like HeLa: A Giant Step for Cell Culture*

The Influence of Skeletal Muscle on the Regulation of Liver:Body Mass and Liver Regeneration

Placental Syndecan Expression Is Altered in Human Idiopathic Fetal Growth Restriction

Insulin Induces Production of New Elastin in Cultures of Human Aortic Smooth Muscle Cells
